

GRAND PRIX RACING

Ricinus Castor Racing Oil For Extreme Competition

Description

Grand Prix Racing is an unbeatable two-stroke competition-oil based on the purest castor oil, to which the most advanced additives were added. This compound provides excellent lubrication during the most extreme race-conditions.

It resists largely the highest rotational speeds in extreme competition.

This oil is mixable with gasoline and methanol.

It is suitable for both water and air-cooled engines.

Quality level

JASO FC

Available in

Carton of 24x1 L.
Barrels of 30, 60 and 208 L.

Application

This oil can be applied in kart competition, speedway, grass track and R/C modeling. It should be mixed according to the manufacturer's recommended fuel/oil ratio.
